

ISGO 2017 Scientific Program (Tentative)

as of 2017-01-24

Day 1. Friday, February 10, 2017

12:00~13:20			Registration
13:20~13:30			Young-Tak Kim <i>(President of KSGO, Korea)</i>
13:30~15:30			Chairperson: Jung-Eun Mok (<i>Marie born Women's Hospital, Korea</i>) Shingo Fujii (<i>Kitano Medical Research Institute, Japan</i>)
Session I . Current Issue in Gynecologic Oncology			
13:30~14:00	Fertility sparing management in young patients with gynecologic cancers	<i>Jeong-Yeol Park</i> <i>(University of Ulsan, Asan Medical Center, Korea)</i>	
14:00~14:30	Oocyte preservation for fertility sparing in young patients	<i>Yu-Shih Yang</i> <i>(National Taiwan University Hospital, Taipei, Taiwan)</i>	
14:30~15:00	International certification in gynecological oncology	<i>Michael Quinn</i> <i>(President of IGCS, Melbourne, Australia)</i>	
15:00~15:30	Update of PARP inhibitor for gynecologic cancer therapy : Targeting DNA damage response for early clinical adaptation	<i>Yong-Man Kim</i> <i>(University of Ulsan, Asan Medical Center, Korea)</i>	
15:30~16:00 Coffee Break			
16:00~18:00			Chairperson : Seung-Cheol Kim (<i>Ewha Womens University Hospital, Korea</i>) Toshiharu Kamura (<i>Yanagawa Hospital, Japan</i>)
Session II : Cervical Cancer			
16:00~16:30	Prognostic Factors in Invasive Endocervical Adenocarcinoma; Introduction of Pattern-based Classification System	<i>Kyu-Rae Kim</i> <i>(University of Ulsan, Asan Medical Center, Korea)</i>	
16:30~17:00	ASCO guideline in the management of cervical cancer	<i>Hextan Ngan</i> <i>(University of Hong Kong, China)</i>	
17:00~17:30	Nerve sparing radical hysterectomy: indications and outcomes	<i>Noriaki Sakuragi</i> <i>(Hokkaido University, Japan)</i>	
17:30~18:00	Chemotherapy induced ovarian dysfunction in patients with gestational trophoblastic diseases	<i>Xin Lu</i> <i>(Fudan University, China)</i>	

Day 2. Saturday, February 11, 2017

08:00~10:00			Chairperson : Soon-Beom Kang (<i>Konkuk University, Korea</i>) Kazunori Ochiai (<i>Jikei University, Tokyo, Japan</i>)
Session III. Endometrial Cancer			
08:00~08:30	Lymphadenectomy in endometrial cancer; choosing wisely	<i>Jae-Weon Kim</i> <i>(Seoul National University, Korea)</i>	
08:30~09:00	Update of target therapy in ovarian and endometrial cancer	<i>Sarikapan Wilailak</i> <i>(Mahidol University, Thailand)</i>	
09:00~09:30	Sentinel node in cervical and endometrial cancer	<i>Dae-Yeon Kim</i> <i>(University of Ulsan, Korea)</i>	
09:30~10:00	Surgical Strategy for the Modern Pelvic Exenteration	<i>Jeffrey M. Fowler</i> <i>(Society of Gynecologic Oncology, Ohio State University, USA)</i>	
10:00~10:20 Coffee Break			
10:20~12:30			Chairperson: Hee-Sug Ryu (<i>Ajou University, Korea</i>) Ikuo Konishi (<i>Kyoto University, Kyoto, Japan</i>)
Session IV. Ovarian Cancer			
10:20~10:50	Neoadjuvant chemotherapy in advanced ovarian cancer	<i>Peter E. Schwartz</i> <i>(Yale University, New Haven, CT, USA)</i>	
10:50~11:20	Primary debulking surgery or interval debulking surgery? That is the question in the management of advanced ovarian cancer	<i>Sang-Yoon Park</i> <i>(National Cancer Center, Korea)</i>	
11:20~11:50	Cancer stem cells and novel therapeutic strategies in epithelial ovarian cancer: Looking beyond prolonged survival toward complete cure	<i>Hidetaka Katabuchi</i> <i>(Kumamoto University, Japan)</i>	
11:50~12:30	Special Lecture: 20-year experience in MIS in gynecologic cancer	<i>Joo-Hyun Nam</i> <i>(University of Ulsan, Korea)</i>	
12:30~13:30 Lunch			
13:30~15:30			Chairperson : Duk-Soo Bae (<i>Sungkyunkwan University, Korea</i>) Toru Sugiyama (<i>Iwate Medical University, Japan</i>)
Session V . Minimally Invasive Surgery (MIS) in Gynecologic Cancers I			
13:30~14:00	Extraperitoneal endoscopic surgery in gynecologic oncology	<i>Denis Querleu</i> <i>(ESGO President-elect, France)</i>	
14:00~14:30	Nerve-sparing Laparoscopic Radical Hysterectomy in Cervical	<i>Chyi-Long Lee</i> <i>(Chang Gung Memorial Hospital, Taiwan)</i>	
14:30~15:00	Laparoscopic reconstruction after radical resection for advanced or recurrent gynecologic malignancies	<i>Masaaki Andou</i> <i>(Kurashiki Municipal Hospital, Japan)</i>	
15:00~15:30	MIS in the management of cervical cancer	<i>Jong-Hyeok Kim</i> <i>(University of Ulsan, Korea)</i>	
15:30~15:50 Coffee Break			
15:50~17:30			Chairperson : Young-Tak Kim (<i>President of KSGO, Korea</i>) WW Sumpaico (<i>AFOG, Manila, Philippines</i>)
Session VI. MIS in Gynecologic Cancers II			
15:50~16:10	Progress of Minimal Invasive Surgery in Gynecologic Oncology in Indonesia	<i>Tricia Dewi Anggraeni</i> <i>(University of Indonesia, Jakarta, Indonesia)</i>	
16:10~16:30	Current status of MIS in Malaysia	<i>Omar Jamil</i> <i>(National Cancer Institute, Putrajaya, Malaysia)</i>	
16:30~16:50	Current status of gynecologic oncology and MIS in Nepal	<i>Jitendra Pariyar</i> <i>(Civil Service Hospital, Kathmandu, Nepal)</i>	
16:50~17:10	Current status of MIS in Singapore	<i>Elisa Koh</i> <i>(KK Women's and Children's Hospital, Singapore)</i>	
17:10~17:30	Current status in MIS in Saudi Arabia	<i>Ibteasam FK Alshammari</i> <i>(King Saud University, Riyadh, Saudi Arabia)</i>
